## Saving to Kansas

Over one hundred thousand doses of blackleg vaccine have been produced at the Kansas State Agricultural College and distributed to the farmers of Kansas in the past eighteen months. Formerly, from ten to thirty per cent of the annual crop of calves of Kansas fell a victim to this disease. Farmers now vaccinate so estimated loss to be less than one per cent, saving to the state hundreds of thousands of dollars a year.

## Weather Report

Maximum and minimum temperature according to the government thermometer at Wa-Keeney for the week ending Wednesday noon.

	MAX.	MIN.
Thursday	62	20
Friday	63	29
Saturday	58	26
Sunday	53	20
Monday	48	26
Tuesday	37	26
Wednesday	43	27

A little cooler but just as dry as ever.

## The Government Printing Office

The United States has the finest and largest printing office in the world, says Frederick Haskins. It is fitting that this government, when universal education and individual enlightenment find their best expression, should be the foremost nation in the dissemination of all classes of governmental literature.

When one goes through the government printing office he finds many wonderful things.

One room has about eighty linotype machines, the largest number to be found in a single room anywhere in the world. In another room are melting pots so large that they hold fifteen tons of molten metal. In another room presses are found whose combined output is more than 1,000,000 impressions every hour. Among all the eighty-seven presses in the room there is not a pulley or a belt in sight, each machine being operated by its own individual motor. The printer's ink is applied to forty tons of paper every eight hours. There are card presses, which turn out 500,000 cards a day.

It is reported that Bob Kirk was on the sick list the first of the week.

Albert Sellers is the new drayman on dray No. 2 owned by his brother Charlie.

Mr. and Mrs. John Evers of St. Peter were trading with our merchants Tuesday.

Choice Idaho potatoes at Osterkamp's. Leave your order now, the price is right. Phone 82.

R. H. Burns called at our office Monday and informed us that he would open a real estate office in Topeka and that his family will move there for the winter. Mr. Burns will not leave Trego county as he will keep his office here also. With an office in Topeka he can do more business as he can keep in closer touch with prospective buyers.

## Joyous Thanksgiving

By PETER MONDLOCH.

Through bleak November's chilly air,  
Through autumn's sunshine, soft and rare,  
Through dreary fog, and rain, and murk,  
Through glad some light and lonely dusk,

A joyous message greets mine ear,  
Thanksgiving day is drawing near!

The day when loved friends meet again—

The nought of sorrow, grief or pain  
Is granted place within our hearts;  
But ev'ry one must bear a part  
And sing, in tones of joyous cheer,  
Thanksgiving day is here, is here!

We raise our thankful songs to Thee  
O God, our Father joyfully;  
For all the blessings of the year,  
For gladness, pain for joy and tear;  
For harvests, bountiful and free  
We render praise our God, to Thee!

O may our gratitude be great  
As, from each hamlet town and state  
We gather 'round the festal board  
To share the food so richly stored;  
And may we give Thee thanks indeed  
By helping each our neighbor's need.

On December 6, 1910, there will be an excursion from Wa-Keeney to the Big Horn Basin, Wyoming, to file on irrigated Government land now open to entry. Water system constructed under supervision of state, now completed and water ready for delivery. Early on the ground insures a location close to town. Plan to go on this excursion and see Lester C. Mudge, Wa-Keeney, for particulars as to rates, etc.

If you haven't the time to exercise regularly, Doan's Regulators will prevent constipation. They induce a mild, easy, healthful action of the bowels without griping. Ask your druggist for them. 25 cents.

Elmer Staats is getting around these days by the use of crutches. He had the misfortune to get mixed up in a runaway Thursday a week ago while hauling away manure from his father's lively stable.

B. F. Bragg is wearing a bandage over his left eye. He was assisting his son William who is building back of his restaurant, when the head of a rusty nail struck him in the eye causing a very painful and dangerous wound.

The next number of the regular course of entertainments will be given Wednesday evening, November 30, by Hal Merton, ventriloquist, magician and all-round entertainer. Merton's magic is "different" and his entire program will be fresh and new.

The city light plant had eighty-five patrons on the line at the close of October, each paying all the way from a few cents for the latest connections up to \$12.80 for the heaviest customer for the full month, the average charge being \$1.90. The October income was considerable more than the actual operating expense for the month.

The irrigated Government land in the Big Horn Basin, Wyoming, is very low priced and the terms exceptionally easy. With the abundant water supply, now ready for delivery, deep fertile soil and ideal climate, enormous crops of grains, fruits and alfalfa are raised every year. Get descriptive literature from Lester C. Mudge, Wa-Keeney, Kans.

Last Monday Chas. Sellers closed a deal whereby he became the owner of F. F. Weller's dray business. He also closed a deal with John D. Rockefeller whereby he is to be one of the great firm and represent the Standard Oil Co. in Wa-Keeney. That company has leased ground from the Union Pacific and will establish an oil station here with Mr. Sellers as agent.

Jake Deatrich was down from Collier last Monday enroute to Salina to attend the Shriner's meeting.

Ralph Parks has purchased the Studio Grand of W. C. Triggs. Mr. Parks has had considerable experience in the photo business and has spent several months under the tuition of W. C. Triggs, one of the best photographers in the west, which insures the public that Mr. Parks will keep his gallery up to its present high standard of excellence.

Last Wednesday afternoon Mr. Chas. Njdl and Miss Josie Snelling were married at the office of Probate Judge—Judge Peacock performing the ceremony. Mr. Arthur Snelling and Miss Jennie Njdl, a brother and sister of the bride and groom, acting as witnesses. The bride is the daughter of Mr. and Mrs. James Snelling, old residents of the county who live northeast of town in Ogallah township. The groom is one of east Trego's prosperous young farmers. The World and a host of friends wish them long life and prosperity.

## For Thanksgiving Day

You will be looking for something just a little bit different.

Don't forget that this is a little bit different grocery store—a special occasion and a day in and out grocery store.

And also don't forget that you can't have an eatable demand, but we are ready to meet it.

Prepared, as we said before, in a way not quite the ordinary.

We are ready for Thanksgiving like this—Sealship Oysters, Celery, Malaga Grapes, Heinz's Mince Meat, Bananas, Oranges, English Walnuts, Almonds, Dates, Figs, Chase & Sanborn's Coffee.
